Percussion <2.4>

Ooh .. (for <4.4>)

<3.1>

You're on your own, living life as it comes, by <2.1>
Your happy tone, is a mask that you wear, tight <2.1>
Struggling you put things in your own hands <1.1>
Wasting life building in the sand <1.4>

Ooh .. (for <4.4>)

Love's gonna getcha loves, love's gonna catch up to you <1.4>
You're running fast, but it won't last
Love's got a spectrum, every color under heaven its true <1.2>
Right down to you

<3.1>

You don't believe, that you are worth someone fighting for <2.1>
But he sees what he made and you're worth his fighting for, oh yeah
You are special don't be surprised, he just wants you by his s-ide
<1.4>

Ooh .. (for <4.4>)

*Love's gonna getcha loves, love's gonna catch up to you <1.4>
You're running fast, but it won't last
Love's got a spectrum, every color under heaven its true <1.2>
Right down to you, oh*

*I know love that breathes under water and lands, with, no, ground
And if you stand still, and hear him say, I l-ove y-ou <1.4>*

Ooh .. (for <4.4>)

*Love's gonna getcha loves, love's gonna catch up to you <1.4>
You're running fast, but it won't last
Love's got a spectrum, every color under heaven its true <1.2>
Right down to you, oh*

*Love's gonna getcha loves, love's gonna catch up to you <1.4>
You're running fast, but it won't last
Love's got a spectrum, every color under heaven its true <1.2>
Right down to you <2.2>*
